

SHIVANI SAMADHIYA

shivanisamadhiya229489@gmail.com | +91 9068384488 | LinkedIn | GitHub

Professional Summary

Entry-level Full Stack Developer with hands-on experience in the **MERN stack**, including **React.js**, **Node.js**, **Express.js**, and **MongoDB**, along with **SQL / relational database** skills using **MySQL**. Experienced in building responsive web applications and integrating third-party services such as Razorpay, AI chatbots, and real-time video communication. Strong foundation in **JavaScript**, **REST APIs**, DSA, OOP, and responsive UI development using Tailwind CSS and Bootstrap. Basic knowledge of TypeScript, Docker, Kubernetes, and CI/CD with hands-on experience using Git, GitHub, Vercel, and Render.

Technical Skills

Languages: JavaScript, Java, Python, C, SQL

TypeScript: Basic Knowledge

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), REST APIs

Frontend: React.js, jQuery, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design, Vite, SEO Fundamentals

Backend: Node.js, Express.js, MongoDB, JWT Authentication

Databases: MySQL, SQL, Relational Database Design, MongoDB (NoSQL)

Integrations: Razorpay Payment Gateway, ZegoCloud Real-Time Video SDK, AI Chatbot Integration

DevOps & Deployment: Git, GitHub, GitHub Actions, Docker (Fundamentals), Kubernetes (Fundamentals), CI/CD (Fundamentals), Vercel, Render

Tools: VS Code, Cloudinary

Projects

Prescripto — Healthcare Consultation & Appointment Platform

React.js, Node.js, MongoDB, Tailwind CSS

- Extended an existing MERN-based doctor appointment platform by integrating online payments, an AI chatbot, and real-time video consultation.
- Integrated Razorpay payment gateway for consultation fees with backend order creation and payment verification before confirming appointments.
- Integrated an independently built AI-powered chatbot to handle patient queries and support appointment-related interactions.
- Integrated ZegoCloud SDK to enable real-time video consultations between doctors and patients within the existing appointment workflow.
- Worked with the existing frontend, backend, and database architecture to add new features without disrupting core booking functionality.

NorthPeak Digital — Responsive Agency Website

React.js, TypeScript, Tailwind CSS, Bootstrap, Vite

- Built a fully responsive one-page agency website with hero, services, testimonials, pricing, and validated contact form sections.
- Designed and optimized the website for 360px, 768px, and 1440px responsive breakpoints.
- Used Tailwind CSS and responsive design principles to create a modern and mobile-friendly interface.
- Applied semantic HTML and on-page SEO fundamentals to improve search engine discoverability.
- Used Vite for optimized development and production bundling.
- Configured GitHub-based deployment workflow with Vercel.

KBC-Style Quiz Game

Python, Tkinter, JSON

- Built an interactive desktop quiz application inspired by popular game-show mechanics.
- Implemented score tracking, lifelines, question progression, and escalating difficulty.
- Applied OOP principles to create a modular and maintainable codebase.

Education

Faculty of Engineering & Technology, Agra College

B.Tech — Computer Science & Engineering | Agra, Uttar Pradesh | 2022 – 2026

CGPA: 7.54/10 | Current SGPA (8th Semester): 9.25

Certifications & Achievements

- Generative AI — Certified by Google
- Maximize Productivity with AI Tools — Certified by Google
- Certificate of Participation, TATA Crucible Campus Quiz 2025 — by Unstop
- Google Skills Diamond League Member — 51 badges across technical learning paths
- Full Stack Web Development & DSA in Java — Certified, Apna College
- Adobe Hackathon — Certificate of Participation
